SWEPT BY A CYCLONE.

Great Injury Is Sustained In a Part of North Texas.

PEOPLE KILLED BY WIND.

Hunt, Hopkins, Cooke, Denton and Red River Counties Visited and the Destruction of a Number of Buildings Is One Result.

Greenville, Tex., May 7.—The little town of Ridgeway, on the Cotton Belt railway, in the edge of Hopkins county, was struck by a cyclone about 3:30 o'clock Monday afternoon. Three people were killed and a number injured. About one dozen houses were blown down and fully fifty farm dwellings wrecked in the vicinity.

The town of Birthright, ten miles south of Sulphur Springs, is a total wreck. Rescuers tearing away the fallen churches, houses and store houses, found several people who were seriously injured. Only a blacksmith shop was left.

Dave Birthright, for whom the town was named, and one of the most prosperous merchants of that place was struck in the back by flying debris and is thought fatally injured.

The old Tom Polk place was blown away and Ben Polk and Mrs. Tom Polk injured.

Nelter was the next town struck, and many houses demolished. The deaths are Lloyd Brazier, Mrs. Sid Lackey, child of Mr. Martin and an unknown baby.

Lloyd Brazier and family lived on the Lemmon farm, three miles east of Ridgeway. With his family he left his home to go to another house on the farm. They were hit by flying debris and Brazier was instantly killed. His wife was perhaps fatally injured and his two children are in a critical condition. The house was untouched. Lloyd Brazier was a Christian minister and also a renter on the Lemmon farm.

Mrs. Sid Lackey was killed by falling timbers, at her home a few miles west of Tarrant. Her house was blown down and other members of her family reported injured but none fatally. The child of Mr. Martin was hit on the head by flying debris while running from the gallery into the house. Mr. Martin lives at Nelter on the Sulphur Springs and Paris road. An unknown baby was killed five miles northeast of Ridgeway at Posey.

Three miles east of Ridgeway the house of Mr. Lemmon was also blown down and some of his family injured.

The residence of Tom Pague was struck and Mr. Pague's arm was broken. Then mother of Mr. Pague was injured.

The houses of the two Messrs. Beck were completely blown away and members of both families injured.

The house of a Mr. Thompson in the same neighborhood was struck and several children injured but not seriously.

IN COOKE COUNTY.

Wind Did a Vast Amount of Injury to Barns and Windmills.

Gainesville, Tex., May 7.—In Cooke county much damage was also done.

The cloud, which was accompanied by a very heavy hail, came from the northwest and first struck Cooke county at Muenster, eighteen miles west of Gainesville, where it tore down barns, many windmills and fences.

At Myra, three miles from that place, serious damage was done, the fine residence of J. E. Joegers being scattered over the prairie any many more outhouses being blown away.

At Era, fourteen miles southwest of Gainesville, many barns and windmills are down and people sought safety in storm cellars.

Gainesville was in the path of the storm and the residence and barn of Robert Burch, north of the city, were destroyed and all his farming tools were blown off his farm.

DEPORT DAMAGED.

Several Houses Demolished and Debris Blown In Streets.

Deport, Tex., May 7.—The Baptist church and a number of other buildings were demolished here by a tornado. Shingles, picture frames and debris in general fell on the streets.

At Haleburg, six miles south of Deport, Andrew Bill's house was blown down and his wife and little daughter hurt.

The approach of the cyclone was watched for several minutes by Deport people, hundreds of whom sought refuge in storm houses and other places of safety. The path of the cyclone was 200 feet wide and eight miles long.

Fragments of trees, pieces of household furniture and like substances were blown as far as Clarksville.

RASH RICE.

Slays His Spouse, Mortally Wounds Baby and Kills Himself.

Washington, May 7.—William O. Rice of 163 Hickman street, in the southeast part of this city, shot and killed his wife, mortally wounded his baby and then committed suicide by shooting.

BANDITS KILL ENGINEER

Fireman on Train Was Shot Through Arms.

ROBBERS FRIGHTENED OFF

North Coast Limited on the Northern Pacific Railway, Containing Safe Supposed to Have In It Much Money, Was Held Up Tuesday.

Butte, Mont., May 7.—North Coast limited train on the Northern Pacific was held up at Welch's Spur, about fifteen miles east of this city. The engineer was killed.

The object of the robbery, it is presumed, was to secure the contents of the through safe, carrying consignments of currency from Seattle, Portland and Spokane to eastern points.

This is the fourth time a North Coast eastbound train has been held up in three years. The other three times this train was robbed near Bear Mouth, about eighty miles west of here. This last holdup was near the scene of the robbery of the Burlington flyer two years ago in a section of country very rough and mountainous.

General Manager Horn of the Northern Pacific at St. Paul, gave out the following statement about the attempt to rob the North Coast limited:

"An eastbound North Coast limited, was held up on the east side of Butte mountain, about eight miles east of Butte, by two or more men, who shot and killed the engineer and shot the fireman through his arms. They did no more shooting, but evidently became alarmed and left. Sheriff Webb, of Billings, was on the train and started on the trail of the holdup men. Bloodhounds from Deer Lodge penitentiary has been put on trail, also, and we expect to get the men. Engineer Cloth has been running on that train for eight years, or ever since the limited was put into service. The robbers did not get any money. While this road had several holdups in that vicinity in the past ten years, we captured the robbers in every instance and they are all doing time in the penitentiary, and in all that time, our money loss has not been to exceed \$3,000."

MURDER CHARGED.

Citizens of Durant and Sterrett Were Taken to South McAlester.

South McAlester, May 7.—J. H. Newman, Omar H. Perkins and Jim McCauley of Durant and Dutch Turley, Tom Lawrence and Jim Hudson of Sterrett were committed to jail here by United States Marshal Pritchard.

The are charged with being the leaders of the mob which hanged Jim Williams, a negro at Sterrett March 31. They have retained counsel and all deny the accusations made against them. March 30, the negro, Williams, assaulted a 14-year-old girl named Rosa Misner. He was apprehended and identified by the young woman.

Deputy marshals got him and took him overland to Sterrett awaiting a train to carry him to jail at Durant. The first train coming north was an excursion train from a baseball game at Denison and was bound for South McAlester. When it reached Colbert 300 men boarded it and went to Sterrett. When the train arrived there and the deputies attempted to put the negro aboard, the mob seized him, overpowered the officers and taking the negro to an old oil derrick near the railroad tracks, hanged him.

Marshal Pritchard reported the affair to the department of justice at Washington and secret service men were put on the case. The marshal co-operated with them and this morning he went to Durant and Sterrett and arrested the six men brought here. Four of the men were at once locked up, but two of them, O. H. Perkins and J. H. Newman, who are prominent business men at Durant, were taken to a hotel and placed under a guard.

There was much excitement at Durant and Sterrett when the arrests were made and all kinds of threats were heard. Tonight an extra guard has been placed at the jail here to be in readiness to resist any attempt at rescue.

Seymour Hale, a resident of Indian Territory, was arrested at Denison on same charge.

Rails Spread.

Holly, Colo., May 7.—Colorado limited eastbound train on the Santa Fe was dented one mile east of Meadway by spreading rails. The train was running at an unusually high rate of speed, being six hours late. All of the nine coaches except the last pullman turned over. A porter and gaggageman was hurt. Passengers were brought here.

Did Not Write Bryce.

New Orleans, May 7.—Gustaf R. Westfeldt, who was recently reported to have written Ambassador Bryce protesting against the appointment of negroes to Rhodes scholarships, has issued a statement denying that he had written any such letter.

Lepers Sent to China.

Victoria, B. C., May 7.—The entire colony on D'Archist island, consisting of eight Chinese, was shipped aboard a steamer and conveyed to Canton China.

THE MORNING EAGLE

Entered at the Postoffice in Bryan, Texas as second-class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, MAY 8, 1907

It is given out that the legislature is to adjourn the latter part of the week, and the belief is adhered to by many that the governor will ring them up again.

The Jamestown exposition management had better make things look different to the newspaper correspondents, or the show is doomed. Some of the reports being sent out from there are decidedly raw.

Roosevelt is said to be pluming his son-in-law, Longworth, for Foraker's seat in the senate. He may get it but when he does there will be some of his choicest plumes in the talons of the present incumbent.

The Eagle has received the twenty-second annual catalogue of the Dallas state fair, which will be "bigger and better than ever." The catalogue contains a number of fine views of the new buildings and of the grounds.

Mme. Emma Eames has reached New York after attending the Fort Worth musical festival. In speaking of the engagement she said: "The Texas people are glorious and it was a rare treat to sing to them. They were so enthusiastic and appreciative that it did my heart good to sing many more songs than I really intended before the concert began." Getting a double program with applause is a great stunt with the Texas people, and when both sides are pleased as in this case, no one else should kick. Eames, however, was fortunate; she was singing to the warblers themselves.

State Superintendent R. B. Cousins has addressed a letter to the county judges and commissioners in the various counties coming under the provisions of the new law

requiring county superintendents of public instruction. The letter says in part:

"Not later than the August term of your Commissioners' Court you will select a County Superintendent of Schools in compliance with recent legislation. The result of your deliberations on this subject, as shown by the choice that you make, will exert an influence upon the education of the children of your county for all future time. If you select the proper man for this position your county will in the near future take a high rank among the counties of Texas in educational matters. If you select the wrong man your rank will be low for years to come. Those counties in Texas that have had good County Superintendents for the last few years now have better teachers, better school houses, longer terms, more school libraries and better schools in every particular than the other counties."

The office will be an important one in Brazos county, and the salary will be thirteen or fourteen hundred dollars a year. The appointment will be made at the August term of the commissioners' court.

PLEASANT GROVE SUFFERS.

That Section of Hopkins County Is Swept by Terrible Cyclone.

Sulphur Springs, Tex., May 7.—In the Pleasant Grove neighborhood a cyclone did much damage. A number of houses were blown down. Mr. Martin's house was blown half a mile and he was fatally injured and his child killed; also a grand child of Mr. Stevens. His brother's house was blown down, and Mr. Robertson's house was blown down.

Near Pilot Point.

Pilot Point, Tex., May 7.—Two distinct cyclones visited this vicinity. Several buildings were demolished, but no casualties are reported.

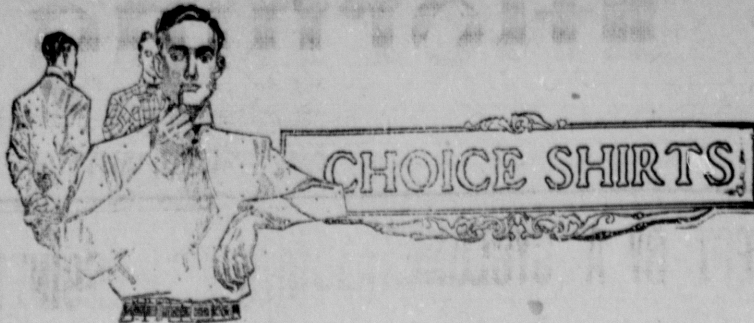

DEPLORABLE AFFAIR.

Boy Five Years Old Mortally Shoots a Younger Brother.

Palestine, Tex., May 7.—Jimmie Naismith, aged five years, son of Mr. and Mrs. John Naismith, shot and mortally wounded his little brother, John C., aged three years. The shooting was done accidentally while playing and a small twenty-two gun was the weapon. The little fellow was shot in the head and lingered a few hours. His death was pathetic.

Interred at Palestine.

Palestine, Tex., May 7.—Remains of the late Mrs. George M. Dilley, who died at Danbury, N. Y., were interred here.

THE new Negligees and Pongees are now ready, and a finer line we've never seen. Every one of them has a "Worth More" appearance. They come from the best of shirt makers. The fabrics are unusually handsome, the shirt-making throughout is of the very highest character known to the trade, and some of the fabrics are unusually fine and exclusive. The best \$1.00 Shirts in the city can be found in our stock. We have an exceptionally strong line of fabrics and patterns at \$1.00, and are showing the most elegant line ever seen in Bryan at

\$1.25, \$1.50, \$2.00, \$2.50, \$3.00 & \$3.50

It would be difficult to find another such line of choice shirts as we are now offering the Spring trade in any city.

GLORIOUS REVIVAL RESULTS.

Thirty-two Conversions and Reclamations at the Morning Service at the Methodist Church Yesterday.—Meeting Closed.

Glorious results marked the service yesterday morning at the Methodist church in the great revival conducted by Rev. Lovic Pierce Law. The scene was not unlike that presented at the great Stuart meeting held here some years ago. The inquiry, "How shall we escape if we neglect so great a salvation?" formed the basis of a powerful appeal to the unsaved from Evangelist Law, and the message was attended by a gracious outpouring of the Holy Spirit. In a word thirty-two students of the Allen Academy, nearly all of them having reached young manhood, calmly and in a manly way made confession of faith in Christ. Twenty-four of them were converted at the service and eight reclaimed. A majority of them also at once gave their names for membership in the church of their choice.

The results of the meeting have been 46 additions to the Methodist church, 41 on profession and 5 by letter. Others have given their names for other churches as follows: Baptist church 7; Episcopal church 5; Presbyterian church 4; Christian church 1. Grand total, 63.

The additions to the Methodist church are as follows:

On Profession—Ferdinand Karbe, Rivers Allen, Nat Allen, Wilbur Lponey, W. T. Branch, Phillip Scherer, Marcus L. Griffin, Stanley H. Rouse, Herbert R. Preston, Herbert Seale, R. L. Sonfield, R. L. Reed, Tom Raysor; Misses Lurline M. Weaver, Aline B. Weaver, Lillie G. Griffin, Irene Killough, Frankie May Reed, Sadie Goens, Bessie Irene Goens, Mary Fisher Fuchak, Sybil Groves, Mary Knowles; C. D. Parker, Glenn Holland; Robt. Gordon, T. A. Scherer, Clifford Braunson, Richard Carey Jr., H. B. McDowell, Joe Tignor, Sam Beard, Colin Neal, Tom Cleveland, Sam Moon, Plummer Franklin, Guy Giledr, C. W. Nugent, R. R. Walker, Tom Calhoun, Henry Wickes.

By Letter—J. P. Kennedy, Mrs. J. A. Groves, Mrs. S. E. Sumner, Miss Alma Lou Sumner, Miss Laura E. Brogdon.

The meeting closed last night and Evangelist Law and wife left for Grand Saline, Texas, where he will hold a big union meeting under a tent. In connection with the large additions to the churches above set forth, there will be still other additions later, there having been about 100 conversions and reclamations during the meeting.

The closing service last night was of marked interest and resulted in eight more conversions and additions to the churches, these being included in the totals above given. Evangelist Law preached

before the great congregation on the text, "There was no room for him in the end." The spirituality of the service was very marked and the leave taking of the Evangelist from the people among whom he has worked so faithfully and successfully was an affecting scene.

Rev. and Mrs. Law and Prof. Wheeler have brought a great blessing and religious awakening to the people of Bryan, and will be gratefully remembered. Rev. Law is a strong gospel preacher, splendidly adapted to evangelical work. While denouncing sin unhesitatingly in high or low places, he indulges in no personalities, and is ever patient, hopeful and inspiring in his work. He appears to have eliminated the word "fail" from his vocabulary.

Dr. Betts, the pastor, announces regular prayer meeting service tonight, and asks that all attend. Following the 11 o'clock service Sunday all those who have not been received into the church will be received into full connection.

TRAINS COLLIDE.

Two Men Killed and Engineer Fatally Injured.

Wheeling, May 7.—A Chicago west-bound express train on the Baltimore and Ohio road collided with a fast freight eastbound at Rosby's Rock, eight miles east of here. J. L. Painter, of Burton, W. Va., express messenger, and C. G. Warner, baggage master, of Bellaire, O., were killed outright. The engineer of the passenger train, C. A. Riley, of Wheeling, was fatally injured. The accident is alleged to have been caused by a misunderstanding of orders. The two trains were going at the rate of thirty miles per hour when they crashed. The baggage and express cars were demolished. The freight engine also demolished the passenger engine. Passengers in coaches and Pullmans escaped with a severe shaking up.

DAVIS' DESPERATE DEEDS.

Insane Man Shoots and Kills Six Members of a Family.

San Francisco, May 7.—In a fit of insanity Walter Charles Davis shot and killed six members of a family. His victims were Orson R. Bush, aged 57, wife and young son; W. B. Bard, a carpenter, with relatives at St. Louis and Denver; M. E. Seinton, a surveyor, recently from New York, and Mrs. Lillian D. Carothers, an elderly woman, who boarded in the house.

MRS. RUBIO DIES.

Sired by Alamo Jubilee and out of Fadett Signal Queen. Test 16 lb. 2 oz.
Grandam Fadett Signal. Test 20 lb.
Great dam Croter Marie. Test 26 lb.

This bull, Signal of Bryan, is without any doubt as fine an individual as you can find in the Jersey cattle strain, and his pedigree is without a missing link as to test cows from his mother back to the imported cow from the Island of Jersey. One year ago I offered \$25.00 to \$35.00 for his heifer from 3 to 5 months old. Today they are selling from \$25.00 to \$75.00, and hard to buy at any reasonable price. This bull will make the season at my barn in Bryan, Texas.

Charges for his Services will be Five Dollars

payable at time of service with return privileges. I can prove to you that it is to your advantage to breed to this bull, as he can not be used at this price another year. For information see

Chief Executive, In the White
House, Fires

TO CITY OF CHARLESTON.

With the Receiver of a Telephone the
President Is Enabled to Hear Dis-
tinctly the Leaden Missiles as They
Strike the Target.

Washington, May 7.—President
Roosevelt opened the national Schuetzen-
bund at Charleston, S. C., Mon-
day afternoon by pressing a button at
the white house which electrically
pulled the trigger that fired three
shots at a target in Charleston. As
understood here the president made a
score of 69 out of 75. The white house
was connected by telephone with the
Schuetzenbund and with a receiver at
his ear, he heard each shot distinct-
ly. The president of the Schuetzen-
bund sent a hearty greeting to the
president over the telephone, to which
Mr. Roosevelt replied: "Goodluck to
the Schuetzenbund."

The first shot was fired about 2:00
o'clock and the others at intervals of
three minutes.

"HEW TO THE LINE."

Old Phrase Given Practical Turn at
Coney Island.

New York, May 7.—Armed with
axes and guarded by a squad of po-
lice, a gang of men directed by As-
sistant Commissioner of Public Works
Van Vleck of Brooklyn, descended
upon Surf avenue, the main thorough-
fare of Coney Island Monday and lop-
ped off every part of any kind of
building, stand or sign which extended
beyond the property line. While the
indignant owners protested soda foun-
tains were chopped in two, frankfur-
ter stands were torn apart, overhang-
ing signs were pulled down and the
dozen different catch penny devices
which line the avenue from end to end
were piled into the trucks and taken
away. At least twenty truck loads
of material was hauled off.

Borough President Coler issued an
order last week that all the incum-
brances extending over the court yard
line must disappear Monday, but none
of the owners paid any attention to it.
When the work was done the mayor
notified the proprietors that ten feet
more of the incumbrances will be
chopped off if they are not removed
by next Thursday. This will place
all the stands inside the building line

MUST BE FILED.

Otherwise, Governor Frantz Will Not
Issue Proclamation.

Guthrie, May 7.—Governor Frantz
declared that until the constitution
for the proposed state of Oklahoma
framed by the recent convention shall
have been filed with the territorial
secretary, he will not issue a procla-
mation calling the election at which
the constitution is to be submitted to
the voters of the two territories.

William Murray, president of the
convention, held a conference with the
governor Monday afternoon. He of-
fered that official a certified copy of
the constitution and election ordi-
nance, but the governor expressed his
unwillingness to take official notice
of the document until they are filed.

President Murray stated that he
would call an election regardless of
the decision on the injunction suit
now pending in the supreme court.

TERRITORY TRAGEDY.

Wealthy Cattleman Takes the Life of
Another One at Loco, I. T.

Duncan, I. T., May 7.—James Left-
wich, a wealthy cattleman of Loco,
and candidate for state senator on the
Democratic ticket, shot and killed T.
J. Clark, also a wealthy cattleman.
A feud had existed between them for
a long time. Both men were armed,
but Leftwich was the quicker in
drawing his revolver.

NOT SEVERED.

Diplomatic Relations Still Continue
Between Mexico and Guatemala.

City of Mexico, May 7.—Diplomatic
relations between Mexico and Guate-
mala have not been severed. The
subsecretary of foreign affairs, Jose
Algarra, emphatically denied the re-
port emanating from Washington to
the effect that Minister Gamboa had
been recalled.

Fairchild Under Bond.

New York, May 7.—Charles S. Fair-
child, former president of the Security
and Trust company and a secretary of
the United States treasury, who, with
George W. Perkins, was indicted for
forgery in the third degree as a re-
sult of disclosures made in the investi-
gation, surrendered himself in the su-
preme court. He entered a plea of not
guilty and was held in \$10,000 bail.

Reported Arrested.

New York, May 7.—A dispatch from
Saranac Lake, N. Y., says the Rev. J.
K. Cooke, late of Hempstead, L. I.,
has been taken into custody at that
place. According to the telegram the
arrest was made by detectives em-
ployed by a private agency. The local
authorities at Saranac Lake denied
knowledge of the arrest.

Bricklayers on Strike.

Chicago, May 7.—Building opera-
all over Chicago and the suburbs are
badly crippled by a strike of 4,000
bricklayers.

Postponed One Week.

San Francisco, May 7.—Illness of
Abraham Ruef has caused postpone-
ment of his case a week.

REVENUE REDUCTION.

Resolution of Reedy Favoring This
Step Was Not Agreed To.

Austin, May 7.—Representative
Reedy introduced a resolution in the
house that as the present session of
the legislature is rapidly drawing to
a close, and that it is evident that
the present tax bills, if passed, will
produce more revenue than is neces-
sary to run the government, that the
house committee on revenue and taxa-
tion be requested to report the two
bills pending before the committee to
reduce the ad valorem tax rate in the
state from 16 2-3 cents to 12 1-2 cents
and to 10 cents. Mr. Reedy said that
it would be better to have a small de-
ficit in the treasury than a big sur-
plus. There was great opposition to
the resolution and it was defeated by
a vote of 63 to 37.

Representative Sillman arose to
a question of personal privilege in the
house and denied the report printed in
the papers in which it is reported he
is quoted as saying that the legisla-
ture was prejudiced against west Tex-
as.

Most of the session in the house
Tuesday morning was devoted to con-
sideration of the telephone connec-
tion bill, a question being on the
adoption of the Ray house bill for the
of Senator Brachfield, which has passed
the senate.

An effort made to set text book bill
for Wednesday morning at 10 o'clock,
but failed—77 to 26.

The senate passed finally the court
stenographer bill. The bill repeals the
present law and fixes the salary of
stenographers at \$5 per day for actual
attendance on court. The new act
also knocks out the fixed salary heret-
ofore paid stenographers and on
whole cuts down the present compen-
sation about one-half. The senate
passed finally the deficiency per diem
bill of the special session, carrying an
appropriation of \$7,000.

The senate finance committee de-
cided to report favorably the intan-
gible asset bill, which passed the
house. It was amended by taking out
packinghouses from its provisions and
placing gas, electric light, street car,
express and interurban companies
under its provisions.

Senator Holsey of Corsicana is crit-
ically ill at a sanitarium here. He is
suffering with typhoid fever.

State Insurance Commissioner ME-
ner announced the appointment of
Samuel Dixon of Houston to be state
nursery and orchard inspector, caused
by resignation of Professor A. W. Orr
of Tyler. The appointment is effective
at once. Mr. Dixon represented
Texas in the fruit exhibit at the
World's fair and is well known.

WHAT SCHWAB SAYS.

His Firm Will Build No More Battle-
ships at San Francisco.

San Francisco, May 7.—Charles M.
Schwab, former president of the
United States Steel corporation and
chief owner of the Bethlehem Steel
works, made a flying trip to San
Francisco. Mr. Schwab in a personal
interview said: "Our concern will
never take a battleship or any other
kind of a ship to be built in San
Francisco as long as labor conditions
are maintained as at present. We lost
\$2,500,000 on the last three battleships
contracted for, and lost more money
in our work in San Francisco than
we made at our other works through-
out the different parts of the country.
We will not take any work of any
magnitude under labor conditions ex-
isting in San Francisco. I have never
seen anything like it anywhere. I
want to state in the interest of your
city that unless labor conditions
change here all manufacturing must
stop, as no living man dare bid on
further contracts with your labor or
organizations constantly raising wages
and reducing the hours of labor."

The mayor and chief of police
have announced that police will not
be permitted to ride upon cars for the
purpose of protection, their duties
being confined to the preservation of
peace in the streets. The governor,
it is claimed, has a sufficient force
of militia to fall back upon if nec-
essary, and, failing in that, General
Funston, in command of the depart-
ment of the Pacific, is now here ready
for any emergency.

The car strike by its more intimate
connection with the public has for
the time completely eclipsed other
labor difficulties, which are now
hampering the business interests of
the city. The strikes of four crafts
are now affected, iron workers, car-
men, laundry workers and telephone
operators. These deprive 13,050 wage
earners of work and fully as many
more are indirectly affected.

CYCLONE CASUALTIES.

Boys Injured and a Number of Resi-
dences Destroyed.

McKinney, May 7.—A cyclone south
of Rosebud demolished the residence
of Jim Peck. His four-year-old son
was dangerously hurt. Willie Miz-
twelve years old, who was visiting
the Peck boy, was fatally injured. He
was blown 150 yards south of the
house. House of J. D. Jordan, John
Strine, S. S. Dickson and C. T. Pratt
were demolished. Mr. Pratt's barn
was also blown down and a horse
killed. S. O'Brien's house was
damaged. Jim Maunes' house was
blown off its blocks. M. Burger's
house was destroyed, also Ed. Baker's.
John Stalcup's house was damaged.
Several barns were destroyed and
horses killed. The storm traveled
northwest to southeast and was 300
yards wide.

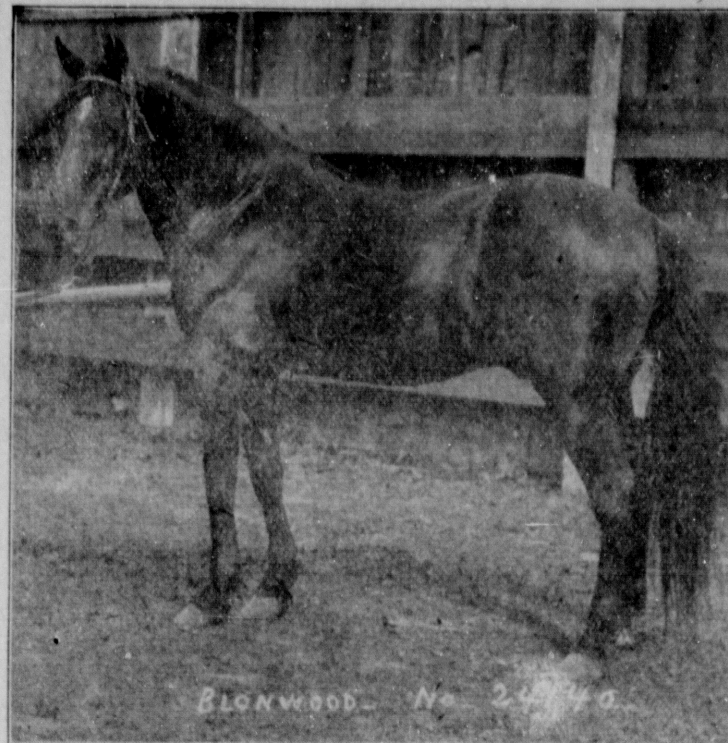

Freight Train Wrecked.

McKinney, May 7.—A Central freight
train was wrecked three miles south
of here. Track was damaged one
quarter of a mile and traffic delayed
several hours.
